

Holy Family News

Dear Parents/ Carers,

It was wonderful to see you at our parent conferences last week. We hope you found the discussions about the children as valuable as we did. Overleaf is the holiday pattern for the next school year, I would ask that families avoid booking holidays during term time as this affects the children's learning.

Thank you for your continued support,
Mrs Booth

School News

Dance Sessions. On Wednesday we have a dance teacher working with children during breakfast club and different classes during Wednesday morning.

Y5 will bring their **coding lessons** this week with visiting tutors from Manchester City, who have provided robot kits for us!

Y2 are busy writing letters which they will take to the **post office** to be sent later this week.

In Y1 our **chicks** are growing up and will be staying in school until Friday. Keep an eye on the class Twitter feed @Year1HolyFamily

Keeping children safe

Please drive carefully when dropping your children off in the morning and at home-time. In particular we would ask that parents don't use the school car park at these times. Your cooperation in this matter is much appreciated.
