## **English**

In English we will be reading and listening to stories with a familiar setting (we will start with 'Harry and the Bucketful of Dinosaurs' by Ian Whybrow and 'Dogger' by Shirley Hughes.

We will also be reading and writing poems on the theme of food and we will learn how to read and follow instructions which will link to D&T - safely making a fruit salad.

We are going to work hard on using full stops and capital letters in our writing.

## Games and PE

We will link PE to our Science topic of 'the human body' through using all of our body parts in dance. We will also begin to explore 'flight' and 'points and patches' in gymnastics.

# Art and Design

Art: We will also link Art to our Science topic through using pencil to develop line and shape when drawing the human body. We will also learn about the artist Archimboldi and create portraits inspired by his work from cut out images of fruit and vegetables.

**Design:** We will discuss the importance of nutrition and cut food safely when making a fruit salad.

### Science

In Science we will be looking at the Human body and the five senses. We will focus on which part of the body is associated with each sense and we will discover this through completing a sense walk through the school.

We will also learn to identify, name, draw and label the basic parts of the human body.

# Religion

In Religion we will be focusing on families and God's love and care for every family. We will learn that we are all apart of God's family.

We will also learn about belonging, especially through Baptism as an invitation to belong to God's family.

# Year One Autumn Term Miss Makin Miss Cotton

## Computing

In computing we will cover three different topics:

- Sound & Music
- Data Logging
- Data handling

We will learn how to record our voices on the iPads and input data such as the colour of our eyes/hair.

## Music

Music will be covered by the music teacher on a weekly basis.

## Maths

In Maths we will begin with number and place value. We will learn how to count forwards and backwards between 0 - 20 and how to work out 'one more' and 'one less'.

We will order numbers using 'first, second, third' and begin to complete addition and subtraction questions.

We will begin to recognise and name common 2-D and 3-D shapes and measure and record lengths and heights.

# History/Geography

**History:** We will begin to find out who Florence Nightingale was and how she has helped us to have better lives.

We will also learn about Queen Elizabeth II, King George VI and Queen Victoria in the past.

Geography: We will learn about the weather and how it changes across the seasons. We will also discuss the UK, surrounding seas and our home addresses.
